

THE GATEWAY

2,050 SF | 3 En-Suite Bedrooms | 3 Bathrooms | Main Level Master | 2.5-Car Oversized Garage

You asked for it and we delivered a single-level floor plan with ample garage space. The Gateway model features an open concept floor plan and an exceptionally efficient use of space. This home consists of 2,050 square feet of interior living space, three en-suite bedrooms, a gourmet kitchen with pantry, 12-foot ceilings through the kitchen and great room, a two and a half car oversized garage with a bonus ATV bay, and significant covered outdoor living area.

LIVING AREA TABULATION:
 MAIN LEVEL: 2,050
 GARAGE AREA: 869
 PATIOS & PORCHES: 331
